MESSAGE FROM THE CHANCELLOR

The mission of the University of Kansas is to lift students and society by educating leaders, building healthy communities, and making discoveries that change the world. As we seek to advance our mission, providing for the health and safety of Jayhawks throughout our community is essential. All members of our community—students, staff, and faculty—can help play a role in this effort to maintain a safe environment. Awareness of potential crimes and criminal activity can help keep you and the entire community safe.

Our annual security report serves as your guide to the safety programs, initiatives, and policies that the University has put in place, and provides information about the crimes that have been reported on campus. That knowledge, along with your active participation in reporting criminal activity or unusual situations as soon as possible, will help provide a safe environment where the entire university community can teach, learn, and grow.

At KU, we are committed to serving our state, the nation, and the world in an environment that is safe for all. Thank you for taking the time to read this report and ensuring that KU remains a safe and welcoming place for our entire community.

Rock Chalk!

Chancellor

Campus Safety Resources

The KU Edwards Campus Public Safety Office

The KU Public Safety Office maintains a non-commissioned office and officers on the Edwards campus while the University buildings are open. They are available to assist with problems or to put students and/or staff in contact with the appropriate emergency response agency dependent on the situation. Officers also look for other problems that may exist in the buildings they patrol including potential hazards or other maintenance reports. All Security Officers are radio equipped with direct communications to the KU Public Safety Office Emergency Communication Center and Overland Park Emergency Communications. Information about the University of Kansas Edwards Campus is found here: <http://edwardscampus.ku.edu/about>.

The Edwards Campus Security Report is found here:
<http://edwardscampus.ku.edu/safety>.

The Communication Center provides emergency (911) and non-emergency call taking and dispatching services for the University community, to include police, safety and security, maintenance, and parking services. The KU Edwards Communication Center works closely with the Overland Park Police Department and with other local and state police agencies, as needed.

The University has closed circuit security cameras located in many areas of campus, including the central academic area and parking lots. Cameras record at all times and actively monitor during nighttime hours when school is in session.

Interagency Relationships

The KU Public Safety Office works closely with the Overland Park Police Department on a regular basis. In addition to sharing crime information, both departments have the ability to ask for immediate assistance through a shared radio communication system, as well as a direct phone line between the KU Emergency Communications Center and Overland Park Police Department. Cooperative investigations with and referrals to local Police are done as appropriate. The Overland Park Police Department monitors and records criminal activity on public property surrounding campus and provides this information to the University for inclusion in its crime statistics, as required by the Clery Act.

The KU Public Safety Office maintains a working relationship with other local, state and federal law enforcement agencies including the Johnson County Sheriff's Office, Kansas Bureau of Investigation, Kansas Highway Patrol and Federal Bureau of Investigation (Kansas City and Topeka field offices). Administrators with the KU Public Safety Office maintain periodic contact with administrators from other law enforcement agencies and information is shared with these agencies as needed.

Daily Crime Log

Federal law requires every university that maintains a police or security department of any kind “shall make, keep, and maintain a daily log, written in a form that can be easily understood, recording all crimes reported to such police or security department” to include the nature, date, time and general location of each crime and the disposition of the complaint, if known. The law requires that this initial information be open for public inspection within two business days of the report of the crime unless the release of the information would jeopardize an ongoing investigation, cause a suspect to flee or result in the destruction of evidence, in which cases the information will be withheld until the adverse effect is no longer likely to occur. New information about entries must be made available within two business days.

Criminal offenses reported to the KU Public Safety Office are written using the Kansas Standard Offense Report form. Officers include a short summary within the department’s report writing system to describe all crimes reported. A short summary is also prepared for all subsequent changes in status of a criminal report, such as the recovery of property, the identification of a suspect or the presentation of the criminal report to the prosecutor. Individually identifiable information about the victim is not included in the public information. All completed reports are reviewed by police supervisors. Extraction of those summaries and uploading of them to the crimereports.com website is done every day around midnight. Crimereports.com provides a map-based system that can show all crimes reported on a given day or series of days based on user input. The summaries within crimereports.com do not include non-criminal reports, accidents or traffic infractions. The disposition of the crime is “case open, investigation continuing, with available information,” unless indicated otherwise in the entry.

The law requires that the log be available for public inspection for the most recent 60-day period and any portion of the log older than 60 days be made available within two business days of a request for inspection.

All crimes reported to KU security officers on the Edwards campus, including ones where the victim does not wish to contact law enforcement, are noted on a Daily Crime Log that is found here: <http://edwardscampus.ku.edu/safety>.

Crime Prevention

The KU Public Safety Office has a Community Services Unit, which maintains a comprehensive crime prevention program that includes presentations, research, and crime prevention literature. Their services are available to all faculty, staff and students free of charge. Educational presentations topics include: Alcohol Awareness, Personal Safety and Self-Protection, response to active shooters, dealing with disruptive persons, identity theft information, and workplace violence. Many programs are collaborative with other University offices and are available to the KU Edwards Campus.

Additional Services Provided

Public Safety Office offers fingerprinting services to University-affiliated persons with a valid KUID for \$5 per card and for non-University-affiliated persons for \$10 per card for the first two cards and \$5 per card thereafter. More information can be found at <http://publicsafety.ku.edu/finger-printing>

The KU Edwards central Lost and Found is operated by the KU Edwards Information Desk with support provided as needed by KU Public Safety.

Firearms

Weapons on Campus Policy

As required by Kansas law (the Personal and Family Protection Act (“PFPA”)), concealed carry of handguns shall be permitted on University campuses (except the Kansas City, Kansas campus of the KU Medical Center in the Health Care District), including all buildings and public areas of buildings owned or leased by the University that do not have adequate security measures, except in specified restricted access areas within buildings. Open carry of firearms and possession of weapons other than concealed handguns shall be prohibited on all University campuses, except for police instructors and their students who carry their service or training weapons openly as part of authorized police training conducted at the Kansas Law Enforcement Training Center’s (“KLETC”) Yoder campus. Other restrictions apply.

The full policy is here: <http://policy.ku.edu/provost/weapons-on-campus>.

Legislation passed in spring 2021 that went into effect on July 1 allows individuals ages 18-20 to carry a concealed handgun if they have taken required training and acquired a provisional concealed carry license. The law also offers reciprocity of valid concealed carry licenses from other states.

For more information on concealed carry visit: <https://concealedcarry.ku.edu/>

Storage of Civilian Firearms

The KU Public Safety Office will make secure storage available for the safe keeping of rifles and shotguns belonging to currently enrolled KU students, faculty, or staff who reside in on-campus housing. University departments having ownership of firearms for work related reasons may also utilize this storage option. Persons utilizing this service will not be in violation of the University’s weapons policy. The full procedure is here: <https://publicsafety.ku.edu/weapons-storage>

Fire Safety/Fire Log

Federal law requires that every university that operates on-campus student housing facilities maintain a written and easily understood log of all reported fires that occur in such facilities, including records, by the date reported, of the nature, date, time and general location of each fire. KU Edwards Campus does not maintain any on-campus student housing, so it is not required to publish a Fire Safety Report.

Safety on Campus

Crime Reporting

The University of Kansas recognizes the importance for an institution of higher learning to develop and maintain a safe and secure environment in which the academic and social pursuits of its members can be fully realized. The university has the utmost concern for the success of each student and endeavors to allow each student maximum freedom to live his/her life free from interference. With this freedom, however, each student is responsible to be an active participant in the exercise of personal safety. While the University of Kansas strives to provide a safe environment, criminal incidents and other emergencies may occur despite reasonable effort. Crimes should be accurately and promptly reported to campus security and the appropriate law enforcement agency.

Campus Security Authorities (CSA)

“Campus security authority” (CSA) is a Clery Act specific term that encompasses four groups of individuals and organizations associated with an institution. CSAs are defined as: a campus police department, individuals who have responsibility for campus security but are not part of the KU Public Safety Office, individuals or organizations to which students and employees would report crime, and any person who has significant responsibility for student and campus activities. Examples of CSAs include but are not limited to those overseeing student housing or student activities, athletics directors and coaches, advisors to student organizations, and health educators. Examples of individuals who would not meet the criteria for being campus security authorities include a faculty member who does not have any responsibility for student and campus activity beyond the classroom; and clerical or cafeteria staff. CSAs are not responsible for taking any action regarding the situation other than to report it to KU Public Safety Office.

Persons who have been designated as CSAs by the University are notified of that designation and provided appropriate training.

CSA Training is mandatory. It consists of an online tutorial as well as reference materials such as FAQs for CSAs, Crime Definitions and Crime Notification Information found at <https://civilrights.ku.edu/clery>, <https://civilrights.ku.edu/clery-act-faqs>, and <https://civilrights.ku.edu/clery-act-crime-notification>.

Crimes on or around the Lawrence campus, and on the premises of units reporting to the Lawrence campus (i.e., Edwards Campus, Parsons, Kansas Law Enforcement Training Center), must be reported to the University of Kansas Public Safety Office (KUPSO) at 785-864-5900, or the Office of the Vice Provost for Student Affairs at 785-864-4060. The CSAs to whom the University would prefer that crimes be reported are:

- KUPSO Deputy Chief John Dietz, jdietz@ku.edu, 785-864-5900
- KUPSO Deputy Chief James Druen, jdruen@ku.edu, 785-864-5900
- Tammara Durham, Ed.D., Vice Provost for Student Affairs, tdurham@ku.edu, 785-864-4060

Reporting Crime on Campus

No community's security plan can attain maximum effectiveness unless everyone contributes to making it work. Safety and security are both personal and shared responsibilities. The university encourages all crimes to be reported to its KU Public Safety Office, (913) 897-8700. In addition, the university requires employees to report crime in accordance with the university's Crime Reporting Policy. <http://policy.ku.edu/chancellor/crime-reporting>.

Employees who do not report criminal activity, as required by this Policy, may be subject to appropriate disciplinary action, up to and including termination of employment, in accordance with applicable personnel policies for faculty and staff.

Reporting Crime off Campus in the city of Overland Park and in Johnson County

If a crime happens off the University of Kansas campus, but within the city limits, those crimes are reported to Overland Park Police Department, (913) 895-6300. <http://www.opkansas.org/city-government/police-department/>.

If a crime happens in Johnson County, but not on campus nor in the city, the Johnson County Sherriff's Office is called. The Sherriff's Office phone number is (913) 715-5800. www.jocosheriff.org/

Overland Park Police Department	913-895-6300
Johnson Country Sherriff's Office	913-715-5800

Voluntary Confidential and Anonymous Reporting

Anonymous reporting is allowed at the University. If, for a personal reason, a person does not wish to report an on-campus crime or suspected crime to the police, that person may anonymously report it to **the Crime Stoppers Program operated by the KU Public Safety Office (785-864-8888)**.

Reports filed anonymously to Crime Stoppers are counted and disclosed in the University's annual crime statistics. A visual presentation of reporting options is available here: <http://sapec.ku.edu/resources>.

A

A victim may also report information about a crime confidentially to the KU Public Safety Office and may ask that a criminal report not be filed. Information about that confidential report will be shared with necessary university departments, such as Student Affairs, and the Office Civil Rights & Title IX (formerly Institutional Opportunity and Access). Crimes may be reported anonymously to the Overland Park Police Department by calling 913-895-6300 or to the Greater Kansas City Area Crime Stoppers. Crimes may be reported by calling 816-474-8477, by texting the information to 274637, enter TIP 452 plus your message, through the free mobile app P3Tips.com, or through the Crime

Stopper website, <http://kccrimestoppers.com/index.aspx>. Reports filed anonymously to the Overland Park Police Department are counted and disclosed in the University's annual crime statistics.

University faculty and staff members are required to inform the Office of Institutional Opportunity and Access (the University's Title IX Coordinator) when they have been told of an incident of possible sexual harassment (including rape, sexual assault, domestic violence, dating violence, and stalking).

Crimes Disclosed to Pastoral or Mental Health Counselor

To be exempt from disclosing reported offenses, pastoral or mental health counselors must be acting in their roles of pastoral or professional counselors. This exemption does not relieve counselors of the duty to exercise reasonable care to protect a foreseeable victim from danger posed by the person being counseled or to make reports mandated by law. When speaking to a victim or witness to a crime, counselors are encouraged, if and when they deem appropriate, to inform the individual of procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

A pastoral counselor is a person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.

A mental health counselor is a person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of his or her license or certification. This definition applies even to professional counselors who are not employees of the institution, but are under contract to provide counseling at the institution.

Mandatory Reporting of Child Abuse and Crime

When any employee has reason to suspect that a child under 18 years of age has been harmed as a result of sexual abuse, the employee shall report the matter promptly to an appropriate law enforcement agency, including either the KU Public Safety Office or to local law enforcement officials, or both.

When any employee has reason to suspect that a child under 18 years of age has been harmed as a result of physical, mental or emotional abuse, or neglect, the employee shall report the matter promptly to the **Kansas Department for Children and Families, Kansas Protection Report Center at 1-800-922-5330**. In the event of an emergency, immediately contact local law enforcement or call 911.

Kansas Protection Report Center	1-800-922-5330

The Decision-Making Process for a Timely Warning

The University issues timely warnings as set forth below and through its Emergency Notification System to notify members of the campus community about criminal incidents reported on campus, when it is determined that the incident represents a serious or continuing threat to community members. The University issues timely warnings as Crime Alerts. Crime Alerts may also be used to aid in the prevention of similar crimes, to alert the University community to crimes in the broader community or to non-Clergy crimes, and/or to seek information to aid in the investigation of a crime. The University does not identify the victim, by name, or identifying information in Crime Alerts.

The issuance of a Timely Warning is decided on a case-by-case basis by Chief of Police/Director of the KU Public Safety Office, or a designee in light of all the facts surrounding an incident, including factors such as the nature of the crime (if any), the continuing danger to the campus community and the possible risk of compromising law enforcement efforts.

All Crime Alerts provide information about the incident and safety tips so community members can take steps to protect themselves or their property and to aid in the prevention of similar crimes.

Crime Alerts are produced by the KU Public Safety Office as soon as pertinent information is available and a need is determined. Completed Crime Alerts are:

- Sent via e-mail to certain administrative offices on campus, such as Chancellor, Provost, KU Edwards Vice Chancellor etc.,
- Posted on available University bulletin boards,
- Posted on the website of the KU Public Safety Office, <http://publicsafety.ku.edu/crime-and-fire-statistics>
- Sent via e-mail to all KU e-mail addresses
- Posted at or delivered to specific campus locations as determined by the incident, if applicable
- Sent to local media outlets

Additional Crime Alerts may be produced to provide updated information or to announce the arrest or identification of a suspect or the resolution of the incident. Depending on the circumstances, information contained in any Crime Alert may also be announced through the University's Emergency Notification System discussed herein.

Anyone with information warranting a timely warning should immediately report the circumstances to:

- **KUPSO Deputy Chief James Druen, jdruen@ku.edu, 785-864-5900**

The University has communicated with local law enforcement asking them to notify the University if it receives reports or information warranting a timely warning.

Information on Sex Offenders

Federal law, including section 121 of the Adam Walsh Child Protection and Safety Act of 2006 and the Campus Sex Crimes Prevention Act amendment to the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, pertains to the registration of and publication of information about sex offenders. Federal law requires registered sex offenders to indicate when they are enrolled or employed at institutions of higher learning. The law further requires the state law enforcement authority, the Kansas Bureau of Investigation, to provide the KU Public Safety Office with a list of registered sex offenders who have indicated that they are either enrolled or employed at the University of Kansas-Edwards campus.

The University of Kansas informs the campus community of the list of registered sex offenders for review at: <https://publicsafety.ku.edu/statistics-and-reporting>.

A list of all registered offenders is available from the Kansas Bureau of Investigation at: www.kansas.gov/kbi/ro.shtml.

For additional information on the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act visit <https://www.govinfo.gov/content/pkg/BILLS-103hr3355enr/pdf/BILLS-103hr3355enr.pdf>.

Workplace Violence Policy

The University of Kansas is committed to provide a safe and secure workplace, free from threats and violence, for all those involved in the business of the University. Personal harassment, abusive behavior, and violence are not tolerated in our workplace. The University fully supports the State of Kansas Workplace Violence Policy. The University policy, which applies to all faculty, staff and student employees of the University can be found here: <http://policy.ku.edu/human-resources/workplace-violence-policy>. The University has developed procedures for responding to situations of potential or actual violence as outlined by the police.

The state workplace violence policy is here: <https://www.admin.ks.gov/docs/default-source/ops/dofa-personnel/workplaceviolence1.pdf?sfvrsn=2>.

A program addressing how to respond to workplace violence is available by contacting Human Resources or the KU Public Safety Office. Crime prevention programs are presented to new students at programs offered by the Office of First Year Experience, to new employees at New Employee Orientation, and as requested.

Security and Access of Facilities

Security of Campus Facilities

The University of Kansas is committed to maintaining an environment in which students, faculty, staff, and guests can work without interference. The University of Kansas is a public institution and as such, access to many areas and facilities of the campus is open to the general public and their use is encouraged. Campus buildings are open during regular business hours.

Use of campus facilities for meetings, speakers, and other events is governed by the KU Edwards Conference Events Department and guiding KU Edwards policies. Use of University grounds for activities such as assemblies, rallies, or other gatherings is governed by the Policy on Public Assembly Area

<http://policy.ku.edu/provost/public-assembly-areas-policy>. Policies of the Board of Regents also limit the use of campus facilities, including fund raising and political activity.

The University staffs a Facilities Planning and Development Office (formerly Office of Design and Construction Management) which is responsible for designing and constructing campus facilities in compliance with applicable codes. It also oversees the campus lighting plan as well as the design and construction standards for all KU buildings. The Department of Facilities Services is responsible for maintaining buildings and grounds. Facilities Services Grounds Crew regularly trims trees, shrubs, and other vegetation to ensure that exterior lights are not blocked. Any exterior doors found to be malfunctioning are reported to Facilities Services for immediate attention.

Any concerns about or suggestions for campus safety improvement can be submitted to the **KU Public Safety Office (913-897-8700)** as well as to the **Student Success and Support Services Office (913-897-8539)**.

KU Public Safety Office	913-897-8700
Student Success & Support Services	913-897-8539

The KU Edwards Student Advisory Board works with the KU Edwards administration to inform the campus on student safety feedback and concerns.

The campus is regularly inspected by the Kansas Fire Marshal's Office as well as KU's Fire Marshal. The KU Department of Environment, Health and Safety is committed to aiding the campus in the protection of human health, safety, and the environment in a manner that enhances the quality of education, research and public service on campus.

Security and Monitoring of University Property

The KU Public Safety Office maintains a non-commissioned office and officers on the Edwards campus while the University buildings are open. They are available to assist with problems or to put students and/or staff in contact with the appropriate emergency response agency dependent on the situation. Officers also look for other problems that may exist in the buildings they patrol including potential hazards or other maintenance reports. All Security Officers are radio equipped with direct communications to the KU Public Safety Offices Emergency Communications Section and to Overland Park Emergency Communications.

Access to University Buildings

Campus buildings are open during regular, posted hours including evenings and weekends.

Personal Property Security

Facilities for securing the personal property of students, staff, faculty, and visitors are provided in the Regents Center (Testing Center student lockers) and in the BEST Faculty Hoteling suite (staff lockers).

The University has closed circuit security cameras located in the parking lots of the KU Edwards campus.

Emergency Response and Notification Procedures

Information Regarding Campus Emergencies

Emergency situations are dynamic. Individuals seeking confirmation of an emergency situation or having questions regarding any emergency notification should visit the Alerts Web Page www.alerts.ku.edu.

Annual Testing of Emergency Evacuation

Evacuation drills shall be conducted at least once annually at unexpected times and under varying conditions to simulate the unusual conditions that occur should an evacuation be necessary.

The Edwards Campus conducts a timed fire drill at the beginning of the fall semester and a timed tornado drill during the spring semester.

Emergency Operations Plan

The University has adopted an Emergency Management Plan to guide emergency management and coordination of all phases of emergency management operations. Confirmation of a significant emergency or dangerous situation involving an immediate threat to health or safety is carried out in accordance with the Plan. The University's emergency response and evacuation procedures will be tested at least annually as outlined in the University's Emergency Management Plan and the procedures will be publicized in conjunction with at least one test per calendar year. Annual testing may be either announced or unannounced and will be publicized on

the KU Public Safety Office website. Documentation of the testing, to include a description of the exercise, the date, time and whether it was announced or unannounced, will be maintained in accordance with the Emergency Management Plan and retained by the University's Emergency Management Coordinator.

The KU Public Safety Office has a comprehensive Emergency Management website found at <https://publicsafety.ku.edu/emergency-planning>.

The KU Edwards Emergency Management Plan is found at:

<http://edwardscampus.ku.edu/sites/edwardscampus.ku.edu/files/images/general/PUBLIC%20Edwards%20Campus%20Emergency%20Management%20Plan-July%202016.pdf>

Response to Emergencies

In the event of an emergency, the police should be contacted immediately by calling 911. All campus phones and those cell phone calls originating on campus are routed to the Johnson County Kansas Emergency Communication Center. All KU Public Safety Officers are certified to administer emergency first aid, cardiopulmonary resuscitation (CPR) and are trained in the use of Automated External Defibrillators (AEDs).

The public safety supervisor will access available sources of information from campus administrative staff and local authorities to confirm the existence of the danger and will be responsible for initiating the University's response and for marshaling the appropriate local emergency response authorities for assistance. Depending on the nature of the emergency, other University departments may be involved in the confirmation process.

Once the emergency has been confirmed and based on its nature, the Patrol Supervisor will consult with other appropriate University officials to determine the appropriate segment or segments of the University community to be notified.

Emergency Notification System - KU Alerts

The University of Kansas utilizes a range of tools to keep students, faculty, staff and visitors informed in the event of an emergency that could affect their health and safety. These tools comprise the University's Emergency Notification System and include text messaging, public address speakers, e-mail, social media, voicemail, notices to local media, and the KU Alerts webpage www.alerts.ku.edu. Some or all of those notification tools may be used in a given emergency situation.

Students are automatically subscribed to receive emergency text messages at the phone number they provided within Enroll & Pay. Faculty and staff may opt in for the text messages by providing phone number and cellular provider information through the Employee Emergency Notification page in the my.ku.edu portal.

Emergency notifications are sent when there is confirmation of significant emergency or dangerous situation occurring on campus that involves an immediate threat to the health or safety of the campus community and in situations requiring immediate action. The on-duty KU Public Safety Office patrol supervisor is responsible for evaluating all

known information about an emergency situation on campus and determining the need for emergency notification and immediate actions, such as building evacuation.

The public safety supervisor, in collaboration with other appropriate personnel when time allows will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system to the appropriate segment or segments of the campus community, unless issuing a notification will, in the professional judgment of the public safety supervisor, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

Subsequent emergency notifications about a specific incident may be sent by higher ranking KU Public Safety Office supervisors who have taken command of the incident or by the University's Emergency Manager.

Public Address Warning System

The University can broadcast information to buildings equipped with a specific type of fire alerting system. Not all buildings have this function. The outdoor warning sirens for the University of Kansas are activated when the National Weather Service issues a tornado warning or when determination is made that a tornado threat exists. This determination is made by Johnson County Emergency Management staff and will be based upon evaluation of all available information.

Evacuation and Relocation Procedures

The University normally does not close facilities because of brief interruptions in normal services (e.g., short-term water outages or heating/cooling). Occasionally, however, an unplanned incident may render one or more facilities unsuitable for normal habitation or use. In such a case, it may be necessary to evacuate the facility. See below for specific information.

An evacuation may be necessary if there is a power failure, lack of water, hazardous material release, structural damage, bomb threat or other terrorist act, flood, or any other situation that makes the facility unsafe or uninhabitable. An evacuation may be initiated by the building fire alarm, by notice from a police or fire official, or by administrative decision. If the fire alarm sounds, or if a Public Safety Officer or fire official gives an evacuation notice, everyone must leave the building.

- All buildings that are designed for human occupancy are required to have evacuation plans and submit such to the University Emergency Manager Coordinator at kupso@ku.edu within six months of plan implementation and are to be updated annually by January 1. Department and project administrators are responsible to ensure that all people in their building are aware of exit routes and the location of the building Emergency Assembly Area(s). The Building Emergency Evacuation Plan will be updated and maintained by the Building Emergency Liaison and made available to employees for review.
- Unless otherwise notified by KU Public Safety Office or Johnson County Fire and Medical personnel, building occupants may briefly delay evacuating if they need time to shut down electrical and other

equipment, especially any that involves flame, explosive vapors, or hazardous materials.

- All building occupants will follow instructions issued by KU Public Safety Office, Johnson County Fire and Medical personnel, and the Building Emergency Liaison.
- After exiting the building, occupants are to go directly to their designated Emergency Assembly Area(s) and follow guidance provided by KU Public Safety Office, Johnson County Fire and Medical personnel, and the Building Emergency Liaison. The building may not be reentered until authorized KU Public Safety Office, University Fire Marshal or Johnson County Fire and Medical personnel give the “All Clear” instruction.

Evacuation/Rescue Plan for Persons with Disabilities

The University prohibits discrimination in its programs and activities, in accordance with Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act, 1990. University procedures require everyone, including people with disabilities or other conditions, to evacuate the facility when the fire alarm is activated or when otherwise instructed to do so. The University is committed to assisting with the development of personal action plans and training its employees to identify and assist people who may need assistance in an emergency. The University also recognizes that not everyone with a disability is in need of assistance.

People needing assistance in an emergency, including those with disabilities, should develop a personal action plan. The plan will include identification of their evacuation methods, identification of at least two (2) individuals who are willing to serve as evacuation assistants in the event of an evacuation, if necessary, and any additional steps to assist with evacuation.

It is recognized that people with disabilities or other conditions may require assistance with evacuating in the event of an emergency. Therefore, people needing assistance in an emergency are encouraged to voluntarily self-identify themselves to the University as an individual with a temporary or permanent disability or other condition and make a request for assistance in advance of an emergency. This is accomplished by completing and submitting the Personal Action Plan Template (https://publicsafety.ku.edu/sites/publicsafety/files/documents/Personal%20Action%20Plan%20Draft_accessible.pdf). The information provided in the personal action plan will be kept confidential and accessible only by individuals who have responsibilities designated under the Emergency Management Plan, including first responders, Building Emergency Liaisons and supervisors, the Emergency Management Coordinator and the Director of the ADA Resource Center for Equity & Accessibility.

University employees with disabilities and other conditions should work with their supervisor and the relevant Building Emergency Liaison(s) in developing personal action plans. The Director of Accessibility and ADA Education will serve as a resource for University students and employees, including supervisors and the Building Emergency Liaison(s) in the development of personal action plans.

Education/Training for Student-Athletes

Gender Based Violence Prevention Seminar for student-athletes, (four years; one class per year)

The Gender Based Violence Prevention Seminar (GBV) is composed of four unique one-credit hour, eight-week classes, offered through Leadership Studies. These evidence-based prevention classes provide a significant increase in protective factors for individuals who participate and have the potential to shape campus culture regarding sexual and intimate-partner violence. GBV was created for and is open to all KU students; however, KAI believes so strongly that this education is a critical component of all students' development and well-being that we are requiring all student-athletes to annually enroll in the course.

- LDST 301: It's on Us addresses foundational concepts of GBV, consent, oppression and bystander intervention.
- LDST 302: Breaking the Cycle examines the intersection between GBV, gender, sexual orientation, sexual health/sex positivity
- LDST 303: Prevention is Possible in-depth research into social justice, systems of oppression, and activism as prevention.
- LDST 304: Activism evaluates the connection between societal oppression, violence prevention and accountability.

Education/Training for Student-Athletes

- Due to COVID-19 precautions, Jayhawks Give A Flock was not required for the incoming student cohort in athletic year 2020-2021. Because of this temporary change, the University included a bystander intervention session in the curriculum of both LDST 301 and UNIV 101. This session was not as comprehensive as the Jayhawks Give A Flock program but geared toward building students' practical intervention skills.
- Various education efforts with our SAPEC partners Jennifer Brockman, Sony Heath and Dustin Struble on sexual assault prevention, resources, support, etc.; specific team or individual meetings were conducted by request.

SAPEC provided over 600 in-person sexual violence prevention presentation training with over 4,000 students participating in programs spanning over 40 different topics. The Gender Based Violence Prevention Seminar continued through leadership studies with over 900 students enrolled across the 4 sections. In the fall of 2020, over 20,000 students completed an online training regarding consent, sexual violence, gender-based

violence, and bystander intervention. SAPEC had over 25,000 educational contacts with students, staff, faculty, and community members.

KU Edwards Campus

Informational flyers about the Public Safety services at KU Edwards Campus are placed in each new student's orientation folder.

Most events hosted at KU Lawrence are available to KU Edwards students.

Bystander Education

Bystander Education programs provide participants with the skills to help them act when they see behavior that puts others at risk for violence, victimization, or perpetration. KU's Bystander Education programs are coordinated by the Sexual Assault Prevention and Education Center. 2018 was the first year in which all incoming students participated in the Jayhawks Give a Flock! program based adapted from the research-based Bringing in the Bystander program. In 2019, 119 sessions were held in a single day to facilitate 3,907 students completing the program. In 2020, we did not do our traditional cohort training due to Covid-19; however, we were able to provide smaller versions of the program to 1,673 incoming students.

Bystanders can play a critical role in the prevention of sexual and relationship violence. Active bystanders can always dial 911 for help when it could be unsafe for the bystander to personally intervene. Other positive options for bystander intervention include:

- If you see someone who looks like they could be in trouble or need help, ask the person if they are okay.
- Sometimes a silent stare of disapproval can be enough to change behavior.
- Confront people who are taking advantage of someone in a drunk or incapacitated state. Help the person leave the situation.
- Speak out when you hear sexist comments or jokes or discussions about taking advantage of another person.
- Know the campus resources and make referrals. If you don't know the off-campus referral, contact KU Public Safety Office for a referral.

Personal Safety Tips/ Risk Reduction Strategies

As part of its effort to maintain a safe environment, the University offers the following safety tips for consideration:

At home

- Install quality locks on doors, windows and sliding glass doors.
- Keep doors locked, even when at home.
- Install and use peepholes.
- Don't leave keys hidden under mats, above the door or near the door.
- Leave lights or a radio on a timer to give the appearance that someone is home.

On campus

- Do not attach anything to key rings that indicate place of residence.
- If your instincts tell you something's wrong, trust them and get away.
- When in a public place, keep valuable possessions out of sight. If you must leave an area for any length of time, take personal items with you.

In relationships

- When going out with someone new, go on a group date or meet in a public place.
- Arrange your own transportation to and from dates.
- Alert friends/family to where you will be going.
- If drinking, be mindful of how alcohol can impair decision making.

On the streets

- Walk in well-lit areas and be aware of surroundings.
- Walk with another person.
- Use your cell phone judiciously – don't let it distract you.
- Carry your car keys when approaching your vehicle so you can enter quickly.
- Call ahead when driving or walking to your hall or apartment late at night and have someone watch you walk from your car to the residence.

Racial and Ethnic Harassment Policy

The University of Kansas is committed to programs and activities that are free of racial or ethnic discrimination. To carry out the mission of this institution, the university community must provide and maintain a working and learning environment that fosters respect among all members of the community. The university's goal is to provide an environment where individuals are free to develop intellectually, personally, professionally, and socially without intimidation or fear. Intimidation and harassment affect not only those who suffer the harassment but also the entire community.

Racial and ethnic discrimination is a violation of University policy and federal and state law, including Title VII of the Civil Rights Act of 1964 and the Kansas Acts Against Discrimination. The full policy is here: <http://policy.ku.edu/civil-rights/racial-ethnic-harassment-policy>.

Sexual Harassment Policy

Sexual harassment is a violation of professional ethics as well as a violation of university policy and federal and state law. Specifically, sexual harassment is a form of illegal discrimination in violation of Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, and the Kansas Acts Against Discrimination. University policy prohibits sexual harassment.

The full policy is here: <http://policy.ku.edu/civil-rights/sexual-harassment>.

The sexual harassment procedure is available here: policy.ku.edu/civil-rights/title-ix-resolution-process.

[For incidents occurring outside of the United States or outside of the University's educational programs or activities but where an on-campus safety issue has been identified, the Discrimination Compliant Resolution Process will be utilized: https://policy.ku.edu/IOA/discrimination-complaint-resolution.](https://policy.ku.edu/IOA/discrimination-complaint-resolution)

The University definition of Sexual Harassment is as follows:

Sexual Harassment: "Sexual Harassment" is conduct on the basis of sex (including sexual orientation, gender identity, and gender expression) that constitutes Quid Pro Quo Sexual Harassment, Hostile Environment Sexual Harassment, Sexual Assault, Domestic Violence, Dating Violence, or Stalking.

Quid Pro Quo Sexual Harassment: “Quid Pro Quo Sexual Harassment” is an employee of the University conditioning the provision of an aid, benefit, or service of the University on an individual’s participation in unwelcome sexual contact.

Hostile Environment Sexual Harassment: “Hostile Environment Sexual Harassment” is unwelcome conduct (including physical, visual, audible, and electronic conduct) determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person access to the University’s education programs and activities.

Hostile Environment Sexual Harassment may include but is not limited to:

1. unwelcome efforts to develop a romantic or sexual relationship
2. unwelcome commentary about an individual’s body or sexual activities
3. threatening to engage in the commission of an unwelcome sexual act with another person
4. engaging in indecent exposure; voyeurism, or other invasion of personal privacy
5. unwelcome physical touching or closeness that does not rise to the level of Sexual Assault
6. unwelcome jokes or teasing of a sexual nature or based upon gender or sex stereotypes, including stereotypes based on sexual orientation, gender identity, and gender expression

In cases of alleged Hostile Environment Sexual Harassment arising from speech (verbal, written, or electronic) or other forms of expressive activity, the University will interpret and apply the definition of Hostile Environment Sexual Harassment in a manner consistent with the First Amendment to the U.S. Constitution. Subject to limited exceptions, the offensiveness of a particular expression made by a student, standing alone, is not a sufficient basis to support a finding of Hostile Environment Sexual Harassment.

The University has a legitimate interest in holding employees (including administrators, faculty, and staff) to a higher standard than others with respect to unwelcome conduct on the basis of sex that occurs in the workplace or otherwise pursuant to an employee’s official duties. Therefore, except as stated below, unwelcome conduct on the basis of sex by an employee that occurs in the workplace or otherwise pursuant to the employee’s official duties is prohibited, and may result in disciplinary action, if the conduct is objectively offensive, even if it is not severe or pervasive. In determining the severity of any disciplinary action taken for a violation of this paragraph by a University employee, the University will consider the severity and pervasiveness of the conduct at issue, the impact the conduct had on individuals subject to the conduct, any prior discipline for similar conduct, and any other relevant factors.

Any other provisions of this policy notwithstanding, speech and other forms of expressive activity occurring in an academic or research context will not violate this policy unless the speech or expressive activity lacks a legitimate academic, educational, or research purpose.

Sexual Assault: “Sexual violence” includes:

Definitions Regarding Sexual Assault, Domestic Violence, Dating Violence and Stalking

The university prohibits the crimes of sexual assault, domestic violence, dating violence, and stalking, as defined for the purpose of the Clery Act (as set forth below).

Consent

Consent under University of Kansas policy, for purposes of determining whether sexual harassment has occurred:

"Consent" is communicated, ongoing, and mutual. This means consent is gained through words or actions that show an active, knowing and voluntary agreement to engage in mutually agreed-upon sexual activity. It is the responsibility of the initiator, or the person who wants to engage in the specific sexual activity to make sure that the initiator has consent. Consent cannot be gained by force, by ignoring or acting without regard to the objections of another, or by taking advantage of the incapacitation of another, where the accused knows or reasonably should have known of such incapacitation. For example, a person who is intoxicated may not be capable of giving consent. Consent is also absent when the activity in question exceeds the scope of consent previously given or when the person from whom consent is sought is deemed incapable of giving consent under the law of the State of Kansas. A person always has the right to revoke Consent at any time during a sexual act. Consent to one act does not constitute consent to another act. Consent on a prior occasion does not constitute consent on a subsequent occasion. Silence, lack of resistance, or failure to say "no" does not imply consent.

Consent under Kansas law

"Consent" is not a separately defined a defined term in Kansas criminal statute. However, K.S.A. 21-5503 (Rape) and K.S.A. 21-5505 (Sexual battery) provide that consent is absent under the following circumstances: (1) an individual is overcome by force or fear; (2) an individual is unconscious or physically powerless; (3) an individual is unable to give consent because of mental deficiency or disease; or (4) an individual is unable to give consent because of the effect of any alcohol liquor, narcotic, drug or other substance, which condition was known by the offender or was reasonably apparent to the offender.

Sexual Assault

Sexual Assault under the Clery Act

Any sexual act directed against another person, without consent of the victim, including instances where the victim is incapable of giving consent. For Clery purposes, this includes rape, fondling, incest and statutory rape.

Sexual Assaults under Kansas State Law

“Sexual Assault” is not a defined term in Kansas criminal statute. The definitions of sex offenses under Kansas law are set forth in K.S.A. 21-5501 *et seq.*, including but not limited to:

“Rape” (K.S.A. 21-5503):

Rape is:

(1) Knowingly engaging in sexual intercourse with a victim who does not consent to the sexual intercourse under any of the following circumstances:

(A) When the victim is overcome by force or fear; or

(B) when the victim is unconscious or physically powerless;

(2) Knowingly engaging in sexual intercourse with a victim when the victim is incapable of giving consent because of mental deficiency or disease, or when the victim is incapable of giving consent because of the effect of any alcoholic liquor, narcotic, drug or other substance, which condition was known by the offender or was reasonably apparent to the offender;

(3) sexual intercourse with a child who is under 14 years of age;

(4) sexual intercourse with a victim when the victim's consent was obtained through a knowing misrepresentation made by the offender that the sexual intercourse was a medically or therapeutically necessary procedure; or

(5) sexual intercourse with a victim when the victim's consent was obtained through a knowing misrepresentation made by the offender that the sexual intercourse was a legally required procedure within the scope of the offender's authority.

“Sexual Battery; aggravated sexual battery” (K.S.A. 21-5505):

(a) Sexual battery is the touching of a victim who is not the spouse of the offender, who is 16 or more years of age and who does not consent thereto, with the intent to arouse or satisfy the sexual desires of the offender or another.

(b) Aggravated sexual battery is the touching of a victim who is 16 or more years of age and who does not consent thereto with the intent to arouse or satisfy the sexual desires of the offender or another and under any of the following circumstances:

(1) When the victim is overcome by force or fear;

(2) when the victim is unconscious or physically powerless; or

(3) when the victim is incapable of giving consent because of mental deficiency or disease, or when the victim is incapable of giving consent because of the effect of any alcoholic liquor, narcotic, drug or other substance, which condition was known by, or was reasonably apparent to, the offender.

Domestic Violence

Domestic Violence under the Clery Act

Domestic Violence is defined as *a felony or misdemeanor crime of violence committed—*

- By a current or former spouse or intimate partner of the victim;
- By a person with whom the victim shares a child in common;
- By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;
- By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred;

Domestic violence also includes any other crime committed against a person or against property, or any municipal ordinance violation against a person or against property, when directed against a person with whom the offender is involved or has been involved in a dating relationship or when directed against a family or household member by a family or household member. For the purposes of this definition:

- (1) "Dating relationship" means a social relationship of a romantic nature. In addition to any other factors the court deems relevant, the trier of fact may consider the following when making a determination of whether a relationship exists or existed: Nature of the relationship, length of time the relationship existed, frequency of interaction between the parties and time since termination of the relationship, if applicable.
- (2) "Family or household member" means persons 18 years of age or older who are spouses, former spouses, parents or stepparents and children or stepchildren, and persons who are presently residing together or have resided together in the past, and persons who have a child in common regardless of whether they have been married or have lived together at any time. Family or household member also includes a man and woman if the woman is pregnant and the man is alleged to be the father, regardless of whether they have been married or have lived together at any time.

In addition, pursuant to K.S.A. 21-5414, "domestic battery" and "aggravated domestic battery" include:

(a) Domestic battery is:

- (1) Knowingly or recklessly causing bodily harm to a person with whom the offender is involved or has been involved in a dating relationship or a family or household member; or
- (2) knowingly causing physical contact with a person with whom the offender is involved or has been involved in a dating relationship or a family or household member, when done in a rude, insulting or angry manner.

(b) Aggravated domestic battery is:

- (1) Knowingly impeding the normal breathing or circulation of the blood by applying pressure on the throat, neck or chest of a person with whom the offender is involved or has been involved in a dating relationship or a family or household member, when done in a rude, insulting or angry manner; or
- (2) knowingly impeding the normal breathing or circulation of the blood by blocking the nose or mouth of a person with whom the offender is involved or has been involved in a dating relationship or a family or household member, when done in a rude, insulting or angry manner.

Dating Violence

Dating Violence under the Clery Act

Dating Violence is defined as violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

Dating Violence under Kansas State Law

"Dating violence" is not separately defined under Kansas criminal statute. It is included within the crimes of "domestic violence," "domestic battery," and "aggravated domestic battery" cited above.

Stalking

Stalking under the Clery Act

Stalking is defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to—

- Fear for the person's safety or the safety of others; or
- Suffer substantial emotional distress.

Stalking under the Kansas State Law

Pursuant to K.S.A. 21-5427, "Stalking" is:

- (1) Recklessly engaging in a course of conduct targeted at a specific person which would cause a reasonable person in the circumstances of the targeted person to fear for such person's safety, or the safety of a member of such

(3) after being served with, or otherwise provided notice of, any protective order included in K.S.A. 21-3843, prior to its repeal or K.S.A. 2012 Supp. 21-5924, and amendments thereto, that prohibits contact with a targeted person, recklessly engaging in at least one act listed in subsection (f)(1) that violates the provisions of the order and would cause a reasonable person to fear for such person's safety, or the safety of a member of such person's immediate family and the targeted person is actually placed in such fear; or

(4) intentionally engaging in a course of conduct targeted at a specific child under the age of 14 that would cause a reasonable person in the circumstances of an immediate family member of such child, to fear for such child's safety.

Reporting Sexual Violence (including sexual assault, dating violence, domestic violence, and stalking)

The University encourages faculty, staff, students, and guests to report acts of sexual misconduct and sexual violence. Those who have experienced sexual misconduct or sexual violence are encouraged to report the incident to one or more of the following:

- KU Public Safety Office, for crimes that occur on campus property, **913-897-8700**
- Overland Park Police Department, for crimes that occur off-campus, **(913) 895-6300**
- Office of Civil Rights & Title IX (Title IX Coordinator), **785-864-6414**
- Office of Student Affairs, **785-864-4060**
- KU Edwards Student Services Office, **913-897-8461**
- The KU Care Coordinator's Office which is confidential, **785-864-9255**

University employees who are "mandatory reporters" are required to report incidents of sexual misconduct and sexual violence to the Office of Civil Rights & Title IX. The office may be contacted at civilrights@ku.edu, 1000 Sunnyside Ave. Room 1082, Lawrence, KS, 66045, **(785)864-6414**.

When the Office of Civil Rights & Title IX is notified of an incident of sexual misconduct or sexual violence, the office will contact the reporting party to provide them with campus and community support resources and invite the reporting party to meet with an office representative. The Office of Civil Rights & Title IX provides this outreach to the reporting party regardless of whether the offense occurred on or off campus.

KU Office Civil Rights & Title IX	785-864-6414
--	---------------------

Once the Office of Civil Rights & Title IX has been informed of an incident, the office reaches out to the victim directly, or through campus partners as appropriate, to provide

information about resources and reporting options. The office also provides a written explanation of the individual's rights and options under University policy and the law. The Office of Civil Rights & Title IX will conduct this outreach and provide this information for all reports, regardless of whether the offense occurred on or off campus.

Preserving Evidence

When sexual violence such as sexual assault, dating violence, domestic violence, or intimate partner violence is alleged, it is important to preserve evidence when possible. Physical evidence is best collected within 72 hours of the assault. Evidence can be preserved by not showering/bathing or laundering your clothing to avoid washing away evidence. Evidence can also be preserved by saving text messages, social media communications, and other information that may be useful for the investigator. The Office of Civil Rights & Title IX provides written information of the importance of preserving evidence. Preserving evidence may assist in proving whether an offense occurred and be helpful in obtaining protective order from the court.

Notification to Law Enforcement Authorities

The Office of Civil Rights & Title IX complaint investigation process is independent of any other complaint resolution process. A student, faculty, staff, or guest has the right to file a criminal complaint with the appropriate law enforcement authorities or to choose not to do so. These options may be pursued in addition to or instead of filing a complaint with the office. Office of Civil Rights & Title IX and the Care Coordinator are available to assist with reporting crime to the appropriate law enforcement agency.

- KU Public Safety Office (913) 897-8700
- Overland Park Police Department (913) 895-6300, or 911

Notification of Counseling, Mental Health, or Other Student Services

Employees in the Office of Civil Rights & Title IX or the Care Coordinator offices can also help a student with finding options, emotional support and medical care, both on- and off-campus. The Care Coordinator and Counseling & Psychological Services support students who have experienced a sexual assault or other sexual offense. Students can also receive medical attention through the Watkins Health Services or their local primary care provider. The University provides written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims, both within the institution and in the community.

In the Kansas City Metro Area, **the Metropolitan Organization to Counter Sexual Assault** has advocate available 24 hours a day/7 days a week who may be contacted by calling **913-642-0233**. The Office of Civil Rights & Title IX can help coordinate services available to students both on- and off-campus.

A list of other services available can be found at: <http://sapec.ku.edu/resources1>.

Amnesty

The Office of Civil Rights & Title IX recognizes that a student desiring to file a complaint and witnesses who are asked to participate in an investigation may be hesitant to

engage in the investigation process for fear of being held responsible for violations of the University's Alcohol and Drug Policy. To eliminate this concern, a student who files a complaint with the Office of Civil Rights & Title IX or witnesses who participate in an investigation will not be subjected to discipline under the Code of Student Rights and Responsibilities for personal consumption of alcohol and/or drugs.

Supportive Measures

The Office of Civil Rights & Title IX provides information and written notification about its ability to offer or impose a variety of interim measures to assist the reporting party and prevent the reporting party from harm. These support services are available regardless of whether the reporting party chooses to file a criminal or civil rights complaint and regardless of whether the reporting party chooses to participate in a criminal or civil rights investigation. Examples of interim measures include, but are not limited to, contact restrictions placed on the responding party ("no contact order"), academic accommodations, alternative housing placement, alternative work schedules/locations, course schedule changes, legal assistance, student financial aid assistance, health and mental health support, transportation, visa and immigration assistance, and course withdrawal/load reductions.

The rights of victims and the institution's responsibilities for orders of protection, "no-contact" orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court or by the institution are as follows: The University does not issue orders of protection but may issue no-contact or no trespassing orders as appropriate. If a reporting party has a court order of protection or restraining order, the Office of Civil Rights & Title IX can assist in making arrangements to accommodate and enforce the court order on campus. The office keeps supportive measures confidential to the extent it does not impair the University's ability to provide the measures and as permitted by law.

Information about how to obtain a protection order in Douglas County, Kansas can be found at: <https://www.douglascountyks.org/services/courts-and-law/crimes-and-justice/protection-orders>. Complaint Resolution Process

The university follows its Title IX Complaint Resolution Process and Hearing Procedures for Complaints of Sexual Harassment to address reports of discrimination and sexual harassment, including for sexual assault, domestic violence, dating violence, and stalking that meet the standards and jurisdiction set under Title IX. <https://policy.ku.edu/civil-rights/title-ix-resolution-process> and <https://policy.ku.edu/civil-rights/hearing-procedures-complaints-sexual-harassment>.

For cases of sexual harassment that do not meet the Title IX standard, the university follows its Discrimination Complaint Resolution Process.

<https://policy.ku.edu/IOA/discrimination-complaint-resolution>.

From initial investigation to final result, the university is committed to providing a prompt, fair, and impartial process by investigators and officials who receive annual training on investigation and hearing processes that protect the individuals involved, promote accountability, and preserve due process. Officials responsible for investigating matters receive annual training on issues related to dating violence, domestic violence, sexual assault, and stalking, as well as on how to conduct an investigation and hearing process, in accordance with the law. The Office of Civil Rights & Title IX strives to complete investigations within sixty (60) days of receipt of a complaint. However, this timeframe may be extended based on factors such as, but not limited to, schedule and availability of witnesses, holidays or semester breaks including summer break, and complexity of the complaint.

Formal Complaint Investigation Process

Should a reporting party choose to request the Office of Civil Rights & Title IX conduct a formal investigation they will be asked to complete a Title IX Complaint Form. A report or formal complaint of sexual harassment or retaliation to the Office of Civil Rights & Title IX should include the following, to the extent known and available:

- Name and contact information (address, telephone, e-mail) for the complainant;
- Name and contact information (address, telephone, e-mail) for the respondent;
- Date(s), time(s), and place(s) of the alleged violation(s);
- Nature of the alleged sexual harassment (i.e., sexual harassment, sexual assault, dating or domestic violence, stalking, or retaliation);
- Detailed description of the specific conduct that is the basis of the alleged violation(s);
- Copies of any documents or other evidence pertaining to the alleged violation(s);
- Names and contact information for any witnesses to the alleged violation(s);
- Any other relevant information.

This is the first step in gathering information about what the reporting party experienced. After gathering information from the reporting party, the investigator will interview witnesses (if applicable), as well as interview the responding party to gather information regarding the alleged concern. The responding party will also be asked to provide witness names (if applicable) and provide documentation relevant to the concern.

As part of the investigation and disciplinary proceedings, the complainant and respondent have the same opportunities to present information, witnesses, and be accompanied by an advisor of their choice, including an attorney. The University may not limit the choice of advisor but may establish limits regarding the extent to which that advisor may participate in the proceeding, as long as those limits apply equally to both parties.

Training Hearing Panel Members Receive

The Student Conduct Hearing Panel is comprised of students, faculty, and staff who are trained (up to six hours) in the University of Kansas' student conduct process and who are committed to facilitating student learning through the student conduct process. Upon selection, new members of the hearing panel must participate in the Fundamentals Training and may also elect to go through the additional Sexual Harassment and Sexual Violence Training. Only those individuals who have completed the Sexual Harassment and Sexual Violence Training are eligible to serve on a Hearing Panel involving such cases.

The Fundamentals Training consists of a three-hour course that educates newly selected members on the student conduct mission and philosophy, university policy, effective administration of a hearing, essential questioning skills, weighing credibility, determining responsibility through a preponderance of evidence, deciding appropriate sanctions, best practices for deliberation, and writing comprehensive rationales. The method of training includes lecture, small group activities, and case studies. All participants are issued a manual that they may refer to prior to participating in a hearing.

The Sexual Harassment and Sexual Violence Training consists of a second, three hour course that educates newly selected members on the origins and implementation of Title IX, the university's obligations related to federal legislation, informs them on the specific policies at the university, discusses the impact sexual violence has on complainants and how it may affect them within an investigation or hearing, reviews information about respondents and statistics regarding sexual violence on college campuses, considers information regarding various cultural and group affiliation regarding reporting and participation in hearings, describes the investigative process and the materials that may be present within a sexual misconduct hearing, explores the finite grounds for establishing whether a violation of KU's sexual harassment violation has occurred, and reviews what sanctions are available for potential violations. Similar to the Foundations Training, this training includes lecture, small group activities, and case studies. All participants are issued a manual that they may refer to prior to participating in a hearing.

All members of the Student Conduct Hearing Panel are highly encouraged to participate in Professional Development session each semester during the academic year. These sessions, offered monthly through the academic year, cover a variety of topics including effective sanctioning practices, writing strong hearing panel recommendation letters, a presentation from the Sexual Assault Nurse Examiner regarding the SANE exam, and collaborative deliberation skills.

Informal Resolutions

After submission of a formal complaint, either party may request an opportunity to resolve the complaint through an informal resolution process. If requested by one party, the other party must voluntarily agree to participate in order for the informal resolution process to proceed. A successful resolution and agreement of the parties will result in dismissal of the complaint without further investigation or hearing. Prior to reaching an

agreement, either party may withdraw from the process and request that the grievance procedures pursuant to this policy resume.

An informal resolution process will be facilitated by an individual who is trained, unbiased and without conflict. The informal resolution process will be conducted in accordance with informal resolution procedures.

The informal resolution process is not available when the complaint alleges a violation by an employee against a student.

Investigation Findings and Appeal

For Title IX investigations, no findings will be made by the investigator. The investigator shall forward a report containing all relevant information to the appropriate administrator who will put together a Title IX hearing panel who will make findings as to whether a policy violation occurred. The finding letter from the hearing panel will also contain disciplinary action (if applicable) and explain the appropriate avenues of appeal.

For non-Title IX investigations, after reviewing all the information provided by the reporting party, the responding party, witnesses, and any additional evidence; the investigator will prepare an administrative findings report and determine if university policy was violated based on a preponderance of the evidence standard. A letter detailing the investigator's finding will be shared with the reporting party and the responding party simultaneously. This letter will also include a recommendation of disciplinary action (if applicable) and explain the appropriate avenues of appeal.

Confidentiality & Anonymity

All information shared with the Office of Civil Rights & Title IX is treated with discretion and tact. Nevertheless, certain information provided to the office may need to be disclosed to other University officials. Those who participate in an investigation are only provided with sufficient information to allow them to respond fairly to the alleged concern. The University will complete any publicly available recordkeeping, including Clery Act reporting and disclosures, without the inclusion of personally identifiable information about victims of dating violence, domestic violence, sexual assault and stalking who make reports of such to the University to the extent permitted by law.

All parties are encouraged to participate in the Office of Civil Rights & Title IX investigation to their desired level of comfort. Participation in the investigation process is voluntary.

Upon written request, the University will disclose to the victim of a crime of violence (as defined by Section 16 of Title 18 of the United States Code) or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the University against a student who is the alleged perpetrator of such crime or offense, or to the next of kin of the victim, if the victim is deceased as a result of such crime or offense.

In accordance with applicable policy, all parties to an investigation will be simultaneously informed of the imposition of disciplinary action and provided an opportunity to appeal for cases involving sexual violence, including sexual assault, domestic violence, dating violence, and stalking. Parties will be simultaneously notified of any change to the result and when the result becomes final.

Prohibition of Retaliation

Retaliation against persons who file discrimination complaints or persons who participate in an investigation of a complaint, whether by an individual directly involved or by associates of the individual involved, is a violation of law and University policy. Complainants who utilize these procedures or persons who participate in an investigation of a complaint should not be subjected to retaliation. Retaliation may take the form of unwanted personal contact from the respondent or giving additional assignments that are not assigned to others in similar situations, poor grades or unreasonable course assignments. Phone calls, e-mail or other attempts to discuss the complaint may be perceived as retaliation under certain circumstances. Disciplinary action, harassment, unsupported evaluations, or other adverse changes in the conditions of employment or the educational environment may also constitute retaliation. Retaliation will not be tolerated and could result in suspension, reassignment, salary reduction, termination, expulsion or other disciplinary action.

Crime Data

Preparing the Annual Safety Report

Crime statistics that are provided in this annual report are based upon incidents reported to the KU Public Safety Office (KUPSO), Office of Student Affairs, and the KU Edwards Campus. Each year a variety of offices are asked to provide information on the educational and prevention programs conducted during that calendar year.

Campus Security Authority Training video is available to Campus Security Authorities through the Universities Learning Management System. Sign in to the system can be found on the Learning and Development webpage of Human Resource Management:
<http://humanresources.ku.edu/learn-and-develop-landing-page>

The KU Edwards Student Success and Support Services Office and KU Office of Student Affairs keep count of disciplinary referrals made from across the university. The KUPSO provides crime statistics for criminal offenses occurring on the Edwards campus. In addition, the KUPSO gathers applicable crime statistics for non-campus locations from the law enforcement agencies which have jurisdiction over those locations. The Overland Park Police provides crime statistics for crimes reported on public property surrounding campus.

Each year an e-mail notification is sent to all faculty, staff, and enrolled students to inform them of the University's Annual Security Report. It provides the website to access this report. Annual notice is also in the electronic news, KU Today. Prospective students are provided the Annual Security Report website address within the View Book and on the Admissions website. Human Resources provides notification to prospective employees in the online application process.

Copies of the report may also be obtained at the **Office of Civil Rights & Title IX**, Room 1082, Dole Human Development Center, 1000 Sunnyside Ave., Lawrence, KS 66045, or by calling **785-864-6414**.
